i don't even.. 10/10 would bang (into the AI, because they help each other to win just to spite my obviously superior skills.). Also made me fail my A levels.. Again a bundled purchase.. It can be funny if youre looking for basic arcade game like haxball, pong etc. to play with your friends at one computer. Otherwise; I DO NOT RECOMMEND. Don't waste your money.. Would be better if control is better.. EZ MI A FASZOM?. Fun gane, I love the pace it has, too bad there ain't not any players online!!! try it !!!!!!!
