**OS:** Windows 7, Windows 8 or Windows 10 64bit

English,French,German,Japanese,Russian,Portuguese

Neith

---

*Although the digital arbook for Immortal Redneck is high enough quality - I consider this purchase to be a donation of sorts in hopes of future (paid) DLC. I'm totally hooked on this game. It really surprised me. Brings back feelings of Neon Chrome and all the fun I had grinding through.*

*While Immortal Redneck doesn't break a whole lot of ground - it is an absolutely outstanding FPS roguelite title with tons of content and replayability.*
